

Treasurer Report 2024

Fremantle Volleyball Club

Fremantle VC was presented with a number of financial challenges in 2024. These included, but are not limited to, providing uniforms free of cost to players, low numbers within the social competitions, lack of preparedness for incoming invoices and late payments from players in particular those on payment plans. These issues primarily a result in the lack of permanent treasurer to flag potential issues and risks relating to finances within the club.

Steps have been taken to bring the club back to a positive position include greater oversight of the social competition to ensure that it is producing a positive income, preparation of the 2025 budget and appointment of a treasurer to bring the club back in line with expected and required financial reporting.

Opportunities for additional revenue streams are being considered for 2025 including holiday programs, summer activities and increased home rounds at more accessible and affordable venues.

Overall the club is in good standing and is on track to achieve a positive financial return in 2025 based on prepared budget.

Matthew Andrews

President, Fremantle Volleyball Club
